Please state your request and a brief explanation below. Attach any documentation which might help resolve your problem. Please print or type.

(Please attach additional pages if necessary)

We were contacted By phone 6-6-07 from CDM office stating that "Cortney Zamora" in Libby said "No" they will not clean the asbestos from our house unless we let them tear up our yard. After viewing the soil samples that CDM had taken for our yard. they state "Soil samples are not visible N.D." "Three that were visible are N.D." We planted patches of grass and covered with potting soil. That is area they state "visible N.D." said "No way to detect potting soil vermiculite from libby vermiculite." All we want is the zonolite cleaned out of our house. Hoping you can help! Thank you *Ruby Swartz*
